

Cookie settings in Internet Explorer seem to be causing order processing issues. Following are directions that will help you with the required settings so that you may place payments online

On your toolbar in Internet Explorer is a dropdown menu titled "Tools".

Follow these steps:

Tools

Internet Options

Click on the Tab labeled "Privacy"

There is a slider bar. With your mouse, drag the slider bar all the way down.

To the right, it should now read "Accept all cookies".

To submit your payment online, you must have this setting in place. You can change it for all other internet functions, but you must change it back when submitting payments on our site.

A couple other reminders:

Do not use the BACK or FORWARD buttons of your browser during your online session.

Make sure your "Numbers Lock" button on your keyboard is in the OFF position.

Thank you for your time. Have a great day and we hope you enjoy the convenience of submitting online!
